FIRST STAGE REHEARSAL FOR THE FIREMEN'S ENTERTAINMENT.

Humbug Circus Will Rehearse at Convention Hall To-day at Noon -Snie of Tickets Is Progressing Favorably.

The humbug circus will rehearse at Convention hall at noon to-day. The first stage rehearsal of the operatic extravaganza, "Don Carlots," and of the humbug circus was given last evening at Convention hall. All of the principals were present and nearly every member of the different choruses. The whole plot (?) was gone through and from the dramatic talent displayed last evening the affair promises to equal if not excel any such production ever given in this city. Mrs. Clara Farwell Voorhees

appeared at her best. Miss Frances Archer who assumes the role of La Grippe, the daughter of Don Carlots, carried her line through with an easy manner and her

daughter of Don Carlots, carried her lines through with an easy manner and her solos and duets will be not the least of the musical attractions to be offered. Miss Archer has had considerable experience on the stage, having been a member of McCaull's opera company.

Miss Ruth Peebles, as premiere danseuse, dances with rhythmic grace.

Mr. Ross Dale, the leading tenor, and booked as Don Jose, the captain of the guards, has a very pleasing voice and shows the knowledge of the stage he acquired while a professional.

Messrs. Willoughby Thomas, E. K. Chafee, C. A. Grimm and Miss Louise Dose also vie with each other for a large share of well merited applause.

Mr. St. Clair Hurd, one of the authors of the opera, has concluded to assume the leading role of Don Carlots, which will be enough to warrant that part of the piece being properly handled. Professor Wheeler will conduct the ortoestration.

Nearly all the property for the presentation has arrived. The costumes have all been made and Monday evening the first dress rehearsal will be given. The "buil" which will figure in the "Buil fight," has arrived. It was shipped here in a lathe crate, which speaks for the feroclousness of the animal. No food or water will be given him during his stay in this city in order to make him as ugly as possible. The famous trick horses for the Humbug circus have also been received at winter headquarters, in Turner hall.

The special scenery and drop curtain were placed in position yesterday afternoon at Convention hall and the stage was extended so as to accommodate the large number of persons who will appear.

The advance sale of tickets last evening had reached to more than 3,000. To-morrow the ticket committee will report to Mr.

You have now laid the foundation for a serious spell of sickness. The cold in your head has affected the mucous membrane, and as this transparent skin leads from the nose to the throat, to the bronchial tubes, the lungs, the stomach, the bowels, the bladder and kidneys, it will not be long before the disease has spread to all parts of your system. Carelessness at this stage of your illness is worse than criminal and if you thus suffer you should consult Dr. Branaman, Kansas City's great specialist, at once, and be cured quickly and permanently. He has cured thousands of others and your sufferings will quickly disappear under his wonderful new Electro-Medical treatment, which can be taken at home as well as at the office.

Chief of Police Hayes was served with otice yesterday that the city would be held liable for all damages to property of

held liable for all damages to property or persons arising out of the present difficulties between the Typothetae and the printers. It read as follows:

Kansas City, Mo., Dec. 3, 1859.

John Hayes, Eq., Chief of Police, Kansas City, Mo. Dear Sir:—Permit me to say that there can be no question or doubt that the personal violence resorted to recently, and growing out of the present strike, as also the damage to property which happened last evening at the firm of Burd & Pletcher, on West Sixth street, is due to the fact of inefficient police protection, because the police do not and will not disperse the crowds which congregate upon the streets and highways of this city and about the places of business of employing printers, all in violation of the ordinances of this city. We have several times urged upon the officials the necessity for action on their part.

I can only say, now and finally, that this city will In their pari.

I can only say, now and finally, that this city will be held responsible for all damages to property, as well as damage to persons, growing out of the inefficient police protection. Very respectfully yours, T. R. MORROW.

At 8:45 Lieutenant Weber detailed two officers to go or the shop as the men were working overtime.

Printers Answer Typothetne.

The striking printers issued a lengthy statement yesterday in which they declared themselves satisfied with the progress of the strike. They repudlate assaults on non-union men, arguing that such a course would silenate public sympathy and prevent access to non-union men. They hold the Typothetae responsible for the assaults. It was stated yesterday that one of the members of the Typothetae was approached yesterday by a local gang politician, who promised that if he would withdraw from the Typothesie the suit to dissolve the latter brought by the attorney general would be withdrawn as to this member.

A new order was received from the commissioner of internal revenue at Washington, concerning the cancellation of documentary war stamps of high denomination, at the local office yesterday. The order is that in all cases where a documentary stamp of the denomination of 10 cents or larger shall be used, the person using it shall, in addition to writing or stamping thereon with ink the initials shall be used, the person using it shall, in addition to writing or stamping thereon with ink the initials of his name and the date when affixed, mutilate the stamp by cutting three parallel incisions lengthwise through the stamp, beginning not more than one-fourth of an inch from one end of the stamp and extending to within one-fourth of an inch of the other end.

The order does not refer to the stamps used on checks, drafts or telegrams, but to those used on large notes and other instruments. The rule goes into effect December 15.

HIS NEW UNDERTAKING EVERYBODY IS

REV. MR. VON HERRLICH PROPOSES TO STRENGTHEN ST. PAUL'S.

He Expects to Enlarge the Church and Its Membership and Raise a Debt-Reception to Him and His Wife.

The St. Paul's Episcopal church in Kan sas City, Kas., is in the hands of Rev. Mr John F. von Herrlich, who has assumed the pulpit with the determination of building up the church, enlarging its member ship and spreading the Episcopalian doc trine in the metropolis. The church has experienced many unpleasant happening during the past few years, and has worked under difficulties, and this fact alone was one of the principal inducements that caused the present rector to accept the call to the local church. He had more flatter ing offers from other cities, but declined them all in order to try to place the St. Paul's church on the basis on which it

ing offers from other cities, but declined them all in order to try to place the St. Paul's church on the basis on which it formerly stood.

The last charge of Rev. Mr. von Herrich last charge of Rev. Mr. von Herrich last charge of Rev. Mr. von Herrich last church has a small debt hanging over it, and the efforts of other rectors have failed to improve the financial condition of the church. Trivial factional differences existed which former rectors were unable to straighten out. However, the new minister has invaded the local field with a determination to harmonize the members of the church and make it what it should be. He has been well received by the congregation, and will doubtless be given the hearty support of a major portion of the membership in building up the church and widening its field.

The members of the church gathered in Union Club hall last night for the purpose of tendering the rector and his wife a formal reception. A very enjoyable time was had by all present until a late hour. Rev. and Mrs. von Herrlich proved to be the most companionable people, and the members were liberal in their congratulations upon being so fortunate in getting such a man as Mr. von Herrlich as their rector. Mr. and Mrs. von Herrlich became well acquainted with the members of the church, and before the festivities closed they all practically agreed to render every possible assistance in building up the church and raising its debt.

Rev. Mr. von Herrlich is a graduate of the Columbia Law college, with a degree of LL B., and is also a graduate of the Episcopal General Theological seminary, of New York. He is a man of large experimes in the practical side of life; holds advanced ideas, which find a piace in his teaching of the Scripture and preaching without apology. He is a pulpit orator of ounusual force and power, refined and cultured. He is a man of untiring energy, having, by his own efforts, while rector of the It-ving Memorial church. Tarrytown, N. Y., paid off a debt of £5,000; while rector of the St. Paul's chur

debt-raiser.

Among the numerous things that Rev. Mr. von Herrlich has suggested to the local church is the erection of a handsome guild hall and the improvement of the church property. He proposes to have the St. Paul's church repaired and improved until it will present as pretty appearance as any church in the city. He enters upon his work here with the best feeling among the members of the church, and under his guidance it is predicted that St. Paul's will be placed among the strong organizations of the city.

HARVE PULLEM IS SHOT. Bullet Enters the Right Breast of the

Well Known Character, but He May Recover.

He May Recover.

Harve Pullmen was shot last night and probably fatally wounded while in a fight by John Bartlett, at 736 Armstrong avenue. Kansas City, Kas. The bullet entered the break on the Fight side- and from the front. Dr. J. L. B. Eager dressed the wound. He said there was a possibility that Pullem may recover.

There had been bad blood between the families of the Pullems and Bartletts and last night, Bartlett, who is a cripple, called on the police for protection and relief from Pullem, who he said was constantly badgering him. As he was returning to his home at 736 Armstrong avenue, at 8 o'clock he was met by Pullem and Richard Broomfield, who were quarreling. At the sight of Bartlett Pullem seized a heavy board and started after him. Broomfield fired a pistol for the purpose, he said, of frightening Pullem. The shot fired by Broomfield entered Pullem's right leg.

Pullem continued after Bartlett, who was backing away. Broomfield handed the smoking revolver to Bartlett, who aimed it at his assailant. At this moment Bartlett says he felt a heavy blow and knew nothing till he was on the police station.

He was taken to Bethany hospital and Dr. Eager, the police surgeon, attended him. The bullet in the breast was found

L ROAD BRANCHES OUT.

Edgerton Extension Was Opened Yesterday to the Former End of the West Side Line. Cars were operated for the first time

esterday over the Quindaro extension o the Edgerton division of the "L" road in Kansas City, Kas., and were run over it all day without incident. The extension is from the former end of the Edgerton line, in Edgerton place, to the north and west for two miles. Two additional cars were placed on the line to make up for the increase in the length of the line. The former ten-minute space between the cars was continued. The route of the extension is along the the old West Side line, from Seventh street and Argentine boulevard to the end. The West Side line was discontinued over that part when the new ralls were laid.

With the completion of the Edgerton extension the "L" road has three branches. The line as originally built extended to Edgerton. The Chelsea park extension was next added, and later the Grandview. With thelater improvement was a loop connecting the park and Grandview. The loop has been abandoned for a number of years. Cars were at first run over the tracks of all three divisions alternately. Then the Grandview was equipped with special cars for its service alone, while cars were continued over the other tracks. Now all three the Edgerton division of the "L" road in

for its service alone, while cars were con-tinued over the other tracks. Now all three divisions will be distinct, and each will have its special cars. The time required to make the trip one way over the latest addition is forty-two minutes.

Attacked by a Stranger.

Frank Ray, who lives at 13 McClure flats, went into a salcon at Fifth and Wyandotte streets last night and got into an altercation with a stranger. Ray, with a friend, went outside and the man followed him. He attacked Ray and struck him with a knife, inflicting an ugly wound near the throat, barely missing the jugular vein. Ray was taken to the police station and treated by Dr. Manahan, afterward being sent to the city hospital.

paign Expenses.

The time for filing campaign expense accounts with the county clerk expired in Wyandotte county Thursday. All of the successful candidates at the fall election filed their statements, as did a number of the defeated nominees. The Australian ballot law provides that a failure to file a statement of money expended in the campaign is a fcrfeiture of office. The statements of those who filed early have been published in The Journal. Those that have not been previously given are:

Judge William G. Holt, John Caskey, William Barclay, F. M. Tracy, Judge E. L. Fischer and C. B. Hewlett. Judge Holt says he spent \$117. Of this amount \$100 went to the Republican central committee. Caskey spent \$115.14. He gave \$50 to the committee and expended \$55.14 in railroad transportation and incidentals.

E. L. Fischer, who defeated Judge Alden for the district judgeship, says his campaign cost him \$25.55.5. Of this amount \$70.95 was given a weekly paper in Armourdale for printing and \$40 to a North side weekly publication. The rest was distributed in places where the candidate thought it would do the most good.

F. M. Tracy, who was elected coroner, says he spent \$144.90. He gave \$50 to the committee, passed out \$55.90 for incidentals and spent \$25 in advertising.

It cost C. B. Hewlett, the Populist candidate for sheriff, only \$5 to make the race. He was not elected, by several hundred votes.

UNION REFORM PARTY. It Will Nominate a Presidential Ticket Next Year by Direct Vote.

COLUMBUS, O., Dec. 9.—The Union Reform party will nominate, by direct vote, a presidential ticket in 1900 on the established platform of the party, which consists of a single plank, advocating the initiative and referendum method for all legislation, both state and national. This decision was reached to-day by the national executive committee of the party at a conference in this city with the Ohio state executive committee. The representatives of the national committee present were:

R. S. Thompson, chairman, Ohio; J. M. Dunlap, Franklin, Ind.; E. A. Richelberger, secretary, Baltimore; F. A. Naille, Philadelphia, and W. J. Seelye, Worcester.

A proposition to consider the advisability of fusion with the Democratic party on presidential candidates was promptly defeated as was also a suggestion to enlarge the platform of the party. It was decided to nominate state tickets in every state where an organization can be effected. Conventions for the nomination of candidates will be abolished, the national committee recommending that hereafter all candidates, according to the principles of the party, be chosen by direct vote of the party membership. This rule will apply to the national ticket and to state and county tickets in Ohio, at least. The primary plan of nominations is recommended for other states. The union reform party had state tickets this fall in Ohio, Maryland and Pennsylvania, and National Chairman Thompson says the party expects to effect an organization in a number of other states in the near future. TO AID RED CROSS WORK.

American Committee Formed for Purpose of Affording Relief to Boer Wounded.

NEW YORK, Dec. 9.-An American committee to aid Red Cross work in the South African war, with special references to

of the American people for such work may it, who knows everybody's dog, and the be sent to the right place. The committee has made arrangements, point them out as they travel hither and for the present at least, to make use of you. He was in front of Willard's the for the present at least, to make use of The Netherlands Red Cross, a responsible organization in the field, insuring the

organization in the field, insuring the prompt and effective use of every dollar contributed and will also avail itself of such other means of accomplishing its object, as may be devised by the central Red Cross committee at Geneva.

The American committee has received numerous offers from doctors and nurses who have volunteered for services in South Africa, but these it has been compelled to decline, as the committee does not undertake to send either doctors or nurses to South Africa, but merely to aid the Red Cross work in that respect.

From the New York World.

Superstition seriously disturbed a dinner at which many prominent New Yorkers were present recently. The dinner was given at Belmonico's by members of the plan and scope committee of the Dewey celebration. Covers had been laid for fiften guests. The committee was about to sit down when some one noticed that the absence of Mayor Van Wyck and Comptroller Coler reduced the number of diners to thirteen.

There was an immediate protest. As an expedient it was suggested that one of the guests be served at a table apart from the others. Even this did not satisfy the superstitious ones. Finally two guests were recruited from members of the orchestra present, and the committee gathered around the board. om the New York World.

yon. He was in front of Willard's the other day when a cur of low degree poked his nose around the corner.

"That's Beriah Wilkins' dog," he said to his acquaintance, who also prides himself upon knowing a good deal about everything in Washington."

"It looks more like Jim Riley's dog," said the acquaintance.

"Jim Riley's dog don't wear any collar," replied the authority.

"Cause that dog wears a collar it's no sign he's Beriah Wilkins' dog."

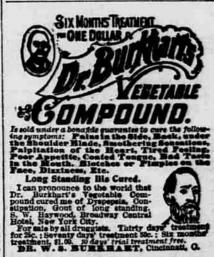

"No, that's so. But Beriah's dog has got a goitre in his neck, and is a little off in cne eye.

The authority whistled to the cur, and when he came up familiarly the authority showed his friend the marks of Mr. Wilkins' dog. This led to a bet that the authority could mane the owner of every dog that passed the corner, and in thirty minutes he called the ownership of fourteen, and offered as testimony of his claim to follow the dogs home. It may have been a bluff, but people who know say it wasn't. Not only does he declare that he knows these things, but he offers a wager that he can tell the ownership of the dogs by their bark.

This man was at one time known as the

bark.

This man was at one time known as the lightning calculator of the treasury department, and now sells dogs for a livelihood.
